Have You Thanked Your Teacher Today?

Dear Parents,

Are you looking for a way to express your personal thanks to a significant teacher that has greatly impacted the life of your child or family? We all agree that today, more than ever, teachers play an important role in the educational success of your children. Meet P.A.T. (Parents Appreciate Teachers) provides a wonderful opportunity to show your appreciation for your child's teacher.

All families have the ability to participate on a personal level in this process. Through Meet P.A.T., you can thank that special teacher, school staff member, or coach to let them know that not only do you value and appreciate your child's education, but that you also value and appreciate them.

It's SIMPLE!

Just complete the Meet P.A.T. information below and send this, along with your tax-deductible donation to EFC. A card expressing your family's thanks will be forwarded to the teacher, staff member or coach who has made an impact in your child's life. (The amount you contribute is not disclosed). All Meet P.A.T. contributions are placed into EFC's Teacher Mini-grant general fund. Teacher Mini-grants are awarded to teachers who submit grant requests for programs, materials, or equipment. With California's current fiscal crisis, we need your support more than ever!

Appreciatively,

Jill Harmon ~ Meet PAT Committee
Chair and EFC Founding Member
